							51. Permit Suspension	

Opening Comments

1. Demonstration of knowledge, food safety certification

All food employees shall have adequate knowledge of and be trained in food safety as it relates to their assigned duties. There shall be a Food Manager Certificate on the premises for the designated employee that has passed an approved and accredited exam. Food facilities that prepare, handle, or serve non-prepackage food shall ensure that all food handlers have an approved food handler card. (113947, 113947.1-113947.5, 113948)

Inspector Comments: Food manager and food handler certificates were not available for review. At least one person shall complete food manager certification and all employees handling food shall complete food handler certification. Ensure certificates are available for review.

29. Toxic substances properly identified, stored, used

All chemicals shall be stored separate from food, utensils, and food-contact surfaces, and shall be used in an approved manner. (114254, 114254.1, 114254.2)

Inspector Comments: An unlabeled container of soap observed above the warewashing sink; container was labeled during inspection. Ensure containers are labeled as to their contents.

33. Nonfood contact surfaces clean

All nonfood-contact surfaces of utensils and equipment shall be clean. (114115(c))

Inspector Comments: An accumulation of dust was observed on the fan above the dipper well and an accumulation of dirt and debris was observed on the floor below the freezer and cold hold units in the TSU Food Court main kitchen area. Remove accumulation and maintain clean.

It was agreed that a copy of this report will be sent to the email address on file. The person in charge was directed to call this office if the report is not received within two business days. Additional information can be found at www.ehs.fullerton.edu
