Opening Comments

1. Demonstration of knowledge, food safety certification

All food employees shall have adequate knowledge of and be trained in food safety as it relates to their assigned duties. There shall be a Food Manager Certificate on the premises for the designated employee that has passed an approved and accredited exam. Food facilities that prepare, handle, or serve non-prepackage food shall ensure that all food handlers have an approved food handler card. (113947, 113947.1-113947.5, 113948)

Inspector Comments: There shall be at least one person who has successfully passed an approved food manager certificate program; no employee at this facility has a food manager certificate. Owner stated she would complete training.

7B. Proper cold holding temperatures.

Potentially hazardous cold foods shall be held at or below 41°F. (113996, 113998, 114037, 114343(a))

Inspector Comments: Juices in countertop cold hold unit measured 44F. PIC adjusted unit during inspection. Hold potentially hazardous foods at 41F or below when held cold.

39. Thermometers provided and accurate

Probe and display thermometers shall be available for use and provided for all equipment required to hold a certain temperature. (114157, 114159)

Inspector Comments: Thermometer not present in countertop cold hold unit. PIC placed thermometer in unit during inspection. Provide a thermometer in the warmest part of each cold hold unit.

It was agreed that a copy of this report will be sent to the email address on file. The person in charge was directed to call this office if the report is not received within two business days. Additional information can be found at www.ehs.fullerton.edu
