	32. Food properly labeled and honestly presented			42 Carbago and refuse properly dispessed			50. Impoundment		
				42. Garbage and refuse properly disposed of, facilities maintained			51. Permit Suspension		

### **Opening Comments**

A routine inspection was conducted this date for a prepackaged food facility, The Yum, inside of the Titan Student Union.

A re-inspection is required for this operation based on the inspection this date. Once the merchandiser refrigerator is repaired or replaced and maintaining a minimum temperature at 41F and/or below, ensure to contact Environmental Health and Safety for a re-inspection.

#### 7B. Proper cold holding temperatures.

Potentially hazardous cold foods shall be held at or below 41°F. (113996, 113998, 114037, 114343(a))

Inspector Comments: 1. The Turbo-Air 2-door merchandiser refrigerator with prepackaged sandwiches, wraps, pasta salads, and yogurt was measured at 60F and/or above.

All potentially hazardous food shall be held at 41F and/or below. Repair or replace the refrigeration unit as needed.

Per the person in charge, all the food in the merchandiser refrigerator was replenished more than 24 hours prior to the inspection. The person in charge check and verified that the merchandiser refrigerator was not operating at the proper temperatures. The person in charge voluntarily discarded all the potentially hazardous food in the refrigerator. Staff is currently working on an itemized list of the food products that will be discarded.

Do not use the merchandiser refrigerator until a reinspection has been conducted by Environmental Health and Safety.

An impound tag was placed on the glass door of the unit. Do not relocate or discard the tag.

It was agreed that a copy of this report will be sent to the email address on file. The person in charge was directed to call this office if the report is not received within two business days. Additional information can be found at www.ehs.fullerton.edu
